Ballet Shoes

Ballet shoes are available at a lot of price points. The cheaper ones are less flexible and don't last as long. The shoes should fit VERY snugly with little or no room at the toe and when you gather up the string, there should be no gapping remaining anywhere. They stretch as you wear them, most students try them on and immediately think they don't fit! Follow the size guides on whichever website you choose, usually ballet shoes are 1-3 sizes smaller than street shoes.
Websites to order from: discountdance.com, amazon.com, etc.
Brands from best quality downward: Bloch, Capezio, SoDanca, Theatricals.
Ms. Dancewear in Mohegan Lake on Rt. 6 carries shoes.
Discount Dance at www.discountdance.com.
BOYS: black; GIRLS: pink (These colors are important so that the shoes can be used with our end-of-year showcase costume.)
